A Fundraising Partner...

"I've been running fundraisers for 19 years and this was the easiest one ever. Normally, I make all the spreadsheets and have to sort data to keep everything organized. Here it was all done for me." Jim, Hastings, MN

FAQ

What does a Fundraiser timeline look like?

Most groups sell for 2-3 weeks and have orders delivered about 10-14 days after submitting their order. All dates are scheduled before you begin your sale. If you need to get started in a hurry, we can get your group selling within 2-3 days.

How long can items be out of the freezer at delivery?

Deliveries are made in our freezer trucks. Once unloaded you'll have 2-3 hours at room temperature before the orders need to find a new home in a freezer. We deliver at the end of the school day or around practices and meetings to give you plenty of time to get orders home.

What is delivery like?

Orders of over 200 items are sorted by seller prior to delivery. When we arrive on site for delivery it is a matter of unloading and organizing a bit and orders are ready to go home.

How does online ordering work?

Once your sale is booked you'll have access to your own online store. You can email your sellers and post links to promote your sale on social media. Customers can order and pay online for a low, one-time convenience fee. You can also enter your totals from paper order forms. All paper order forms and online orders are automatically combined and included at delivery.
